- Body of pattern is worked in one continuous spiral; you will not join or chain at end of each row

- 3: \*2sc/dc in first st, 1 sc/dc in next, repeat from \* (18)

- 32: \*dec, sc/dc in next 7 st, repeat from \* (48)
- 33: \*dec, sc/dc in next 6 st, repeat from \* (42)
- 34: \*dec, sc/dc in next 5 st, repeat from \* (36)
  - Begin stuffing here
- 35: \*dec, sc/dc in next 4 st, repeat from \* (30)
- 36: \*dec, sc/dc in next 3 st, repeat from \* (24)
- 37: \*dec, sc/dc in next 2 st, repeat from \* (18)
- 38: \*dec, sc/dc in next st, repeat from \* (12)
  - Make sure body is stuffed firmly before closing
- 39: \*dec, repeat from \*, tie off and weave in ends (6)

**Scarf (done in 2 pieces with 3.5 mm hook)****1st piece:**

With Gold Yarn

- 1: ch 6, sc/dc in 2<sup>nd</sup> ch from hook and each additional ch, ch 1 and turn (5)
- 2-3: sc/dc in each st, ch 1 and turn
- 4-6: with burgundy, sc/dc in each st, ch 1 and turn
- 7-9: with gold, sc/dc in each st, ch 1 and turn

Continue repeating rows 4-6 and 7-9 alternating colors until you have 10 gold stripes and 10 burgundy stripes and measures approximately 16" long, sl st last row to 1<sup>st</sup> row making a round scarf, tie off and leave length for sewing

**2nd Piece**

With Gold Yarn

- 1: ch 6, sc/dc in 2<sup>nd</sup> ch from hook and each additional ch, ch 1 and turn (5)
- 2-3: sc/dc in each st, ch 1 and turn
- 4-6: with burgundy, sc/dc in each st, ch 1 and turn
- 7-9: with gold, sc/dc in each st, ch 1 and turn

Continue repeating rows 4-6 and 7-9 until you have 4 gold stripes and 4 burgundy stripes. Tie scraps of gold and burgundy to each end of this piece.

Tip: I use the scraps that I cut after weaving in all of the ends of the scarf for the fringe at the ends of this piece.

- After slip stitching ends of piece 1 together to form a round scarf, place piece just above 1<sup>st</sup> row of black
- Fold 2<sup>nd</sup> piece of scarf and slip behind the 1<sup>st</sup> piece and fold over to make it drape with the fringe hanging down. Attach 1<sup>st</sup> piece around the body so that the bottom is level with the 1<sup>st</sup> row of black and piece 1 is hanging off center on the front of your plush. See picture for reference

Two pieces of Scarf ready for assembly

After slip stitching ends of piece 1 together to form a round scarf, place piece just above 1st row of black.

Fold Piece 2 of scarf over front of Piece 1 so that the fringe is hanging towards the bottom of the plush.

Glasses are attached at row 18. Stitch the nose piece on to the face by stitching around row 18 and the nose piece until secure and leave lenses to sit away from the face.

**Glasses with 4.00mm hook**

With Black Yarn

Ch 15, sl st to 1<sup>st</sup> ch to make a loop, create 21 sc/dc around loop, sl st to bottom of 1<sup>st</sup> sc/dc, ch 19, sl st to 4<sup>th</sup> ch making a new loop. Create 21 sc/dc around this loop, sl st to top of 1<sup>st</sup> sc/dc, tie off and leave length for sewing.

- Attach glasses at row 18. I sew the glasses on by just attaching the nose piece of the glasses. This way the lenses sit out from the face a bit but you can do a few stitches along the bottom of the lenses if you need to

**Eyes with 4.00mm hook (make 2)**

With Black Yarn changing to White

1: Create 5 sc/dc in black and 1 sc/dc in white inside the magic circle. (6)

Change to Green Yarn

2: 2 sc/dc in each st, sl st to top of 1<sup>st</sup> st, tie off and leave length for sewing. (12)

- Attach eyes to face so that they sit to the bottom right of each lens. See picture for reference.

**Wig Cap with 4.00 mm hook**

With Brown Yarn

1: Begin with Magic Circle or ch 2, create 6 sc/dc in circle and tighten so there is no hole (6)

2: 2 sc/dc in each st (12)

3: \*2sc/dc in first st, 1 sc/dc in next, repeat from \* (18)

4: \*2sc/dc in first st, 1 sc/dc in next 2 st, repeat from \* (24)

5: \*2sc/dc in first st, 1 sc/dc in next 3 st, repeat from \* (30)

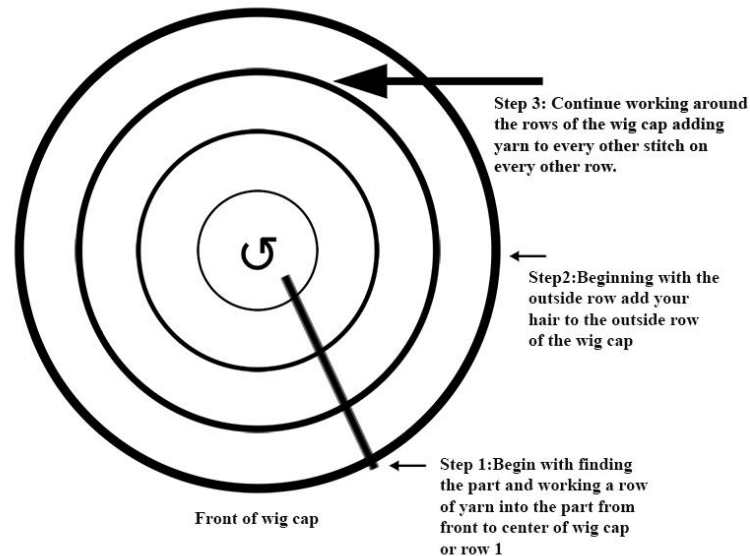

6: \*2sc/dc in first st, 1 sc/dc in next 4 st, repeat from \* (36)

7: \*2sc/dc in first st, 1 sc/dc in next 5 st, repeat from \* (42)

- 8: \*2sc/dc in first st, 1 sc/dc in next 6 st, repeat from \*  
(48)
- 9: \*2sc/dc in first st, 1 sc/dc in next 7 st, repeat from \*  
(54)
- 10: \*2sc/dc in first st, 1 sc/dc in next 8 st, repeat from \*  
(60)
- 11-13: sc/dc in each st (60)
- 14: sc/dc in each st, tie off and leave length to sew to  
body (60)
- Wig Cap is attached at an angle to the top of the plush, with the front of the cap sitting at row 11 and the back of the cap sitting just above his scarf.
  - You will not add your hair until after the Wig Cap is sewn onto the plush. See assembly notes and picture tutorials below.
  - Don't forget his scar. I used a scrap of taupe yarn just dark enough against the skin to sew a lightning bolt on his forehead just above his right lens.

Attaching the hair is fun and easy. After sewing your Wig Cap on you will then cut some lengths for your hair. I cut a bunch but you can always cut more if you run out and I also cut them pretty long so that folded they are about 4 inches long.

Step 1: I find where Harry's part will be and do a row straight along that line working from the face to the crown of the head. Folding the pieces in half and then pull the folded piece through with my hook and then use my fingers to pull the ends through the loop. Similar to latch hook.

Step 2: Beginning on the outside round of the cap I work around the last round adding pieces in each st

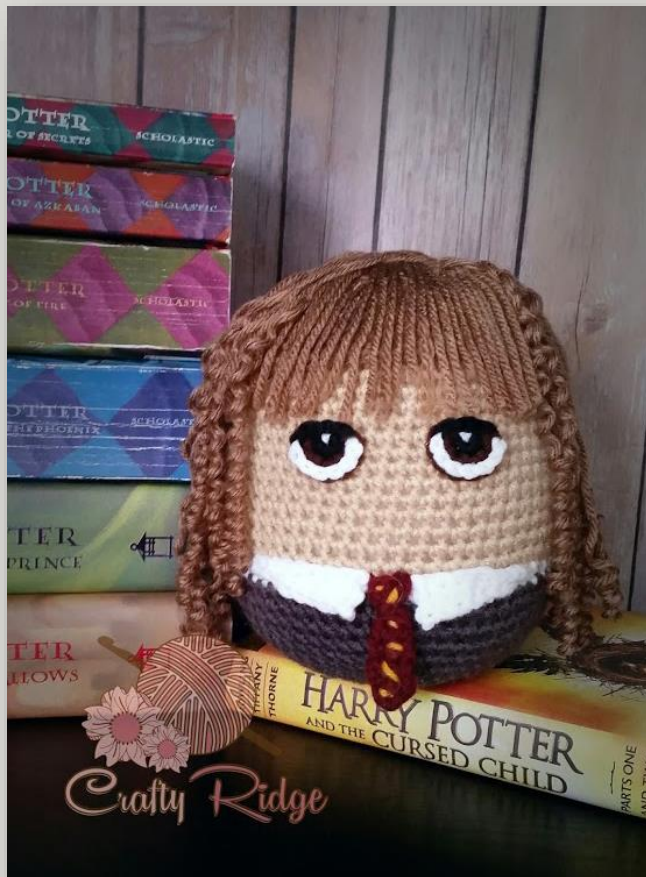

Step 3: Then I work on every other row and every other stitch until I am at the top of the wig cap or row

- See images above for help on hair placement.
- Fold pieces in half, put your hook into the stitch you want the hair in and pull the folded end through the wig cap, creating a loop. You will then pull the cut end through the loop to secure. This is similar to latch hook.

2-4: sc/dc in each st, ch 1 and turn (2)

5: sc/dc in each st, tie off and leave length for sewing and finishing

- Use length to wrap tightly around the tie between row 4 and 5 to create the illusion of a knot.
- Use gold yarn to sew stripes onto your tie.
- Attach tie at the center front of your plush at row 25.

**Lapels with 3.5 mm hook (make 2)**

With White Yarn

1: ch 9, sl st in 2<sup>nd</sup> st from hook, sl st in next ch, sc/dc in next 2 sts, hdc/htr in next 2 sts, dc/tr in next 2 sts, tie off and leave length for sewing.

- Use length to sew lapels on either side of tie to row 25.

**Eyes with 3.5 mm hook (make 2)**

Rnd 1: With black yarn create a magic circle, make 5 sc/dc in black and one sc/dc in white inside the magic circle, join to 1<sup>st</sup> stitch, tighten so there is no hole, tie off and weave in ends (6 sc/dc)

Rnd 2: With brown yarn join with a sc/dc in the 1<sup>st</sup> black st of previous round, 1 more sc/dc in same st, 2 sc/dc in next 3 sts, do not tie off, continue with Rnd 3. (8 sc/dc)

- Next round is continued by joining with a sl st.

Rnd 3: change to black and sl st in next 4 sts, change to white and sl st in next 7 st, tie off and length for sewing. (11 sl sts)

- Attach both eyes to face at row 16 with 4 stitches in the space between them. You will want to make sure they are centered on the front of the plush above the tie and lapels.

### **Wig Cap with 4.00 mm hook**

With Cafe Yarn

- 1: Begin with Magic Circle or ch 2, create 6 sc/dc in circle and tighten so there is no hole (6)
- 2: 2 sc/dc in each st (12)
- 3: \*2sc/dc in first st, 1 sc/dc in next, repeat from \* (18)

- 7: \*2sc/dc in first st, 1 sc/dc in next 5 st, repeat from \* (42)
- 8: \*2sc/dc in first st, 1 sc/dc in next 6 st, repeat from \* (48)
- 9: \*2sc/dc in first st, 1 sc/dc in next 7 st, repeat from \* (54)
- 10: \*2sc/dc in first st, 1 sc/dc in next 8 st, repeat from \* (60)
- 11-14: sc/dc in each st (60)
- 15: sc/dc in each st, tie off and leave length to sew to body (60)

- Wig Cap is attached at an angle to the top of the plush, with the front of the cap sitting at row 11 and the back of the cap sitting just above her sweater.
- You will not add your hair until after the Wig Cap is sewn onto the plush. See assembly notes and picture tutorials below.

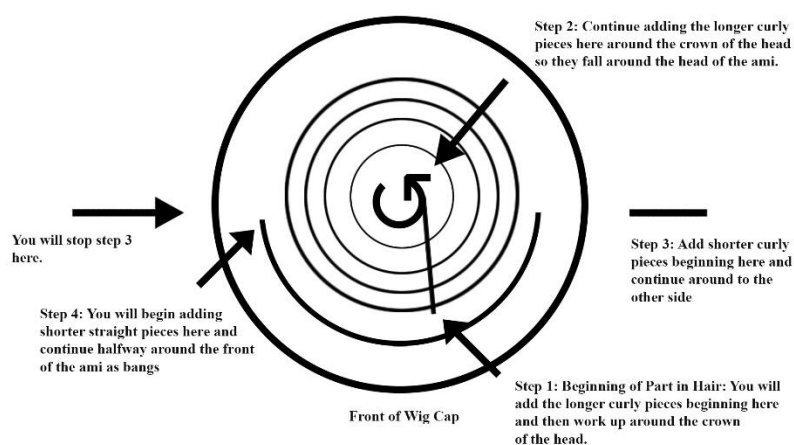

After sewing your Wig Cap on you will then need to make your yarn curl. There are a couple different methods to do this. I wrapped my yarn around eight 12" x 3/16 dowel rods taping it at the top and bottom and making sure to fill them completely so I have lots of yarn to work with. I then lay them on a board and steam them, turning to make sure I get all sides. Then I leave them to dry for a couple hours and take the yarn off of the rods and cut them to length. There are two different lengths for this project.

If you don't have a steamer you can also use an oven for about an hour at 250. Just tie the yarn at the ends because you will not want to use tape, wet the yarn and make sure to sit them on a pan with the ends of the dowels on the edges and the yarn not touching anything so it will not burn or melt.

Attaching the hair is fun and easy. Check out the diagram below for more help with this.

Step 1 and 2: With the first 6 rods I cut them pretty long for the top of the head. I wrap them around a small notebook but you just need a surface about 7" in length to wrap them around and cut on just one side, leaving a 14" length. They will be much shorter when they curl back up. These pieces will be attached at the part starting up at round 7 working my way back and around round 1 of the wig cap.

- Fold pieces in half, put your hook into the stitch you want the hair in and pull the folded end through the wig cap, creating a loop. You will then pull the cut end through the loop to secure. This is similar to latch hook.

- Check out this awesome video for help on how to work with a wig cap and add hair to your plush by CraftyisCool  
<https://www.youtube.com/watch?v=PfMYJMyqYEI>

Step 3: Using the yarn on the remaining 2 rods I cut the remaining yarn by wrapping them around my four fingers, making them about 6.5" in length. I use these in every other stitch around the side and back of the wig cap. This gives the illusion of thick hair. You can add more hair if you would like.

Step 4: I then attach some straight lengths to the front of the wig cap for bangs. To get the length I wrap the yarn around my four fingers, making them about 6.5" in length. I attach these across the front just under the beginning of the part at round 6 and 7. Then trim the bangs to get them a bit even.

- Color Changes: To change colors, do not finish last stitch before new color, instead pull new color through last two loops of previous color to finish stitch and create next stitch with new color.
- When working the small graph in this pattern you will not need to carry your yarn. You can instead drop it to the inside of the plush until you need to pick it up again. Just be careful not to pull too tightly so it will not warp your image or your plush.

- Wig Cap is attached at an angle to the top of the plush, with the front of the cap sitting at row 9 and the back of the cap sitting just above the top of his sweater
  - You will not add your hair until after the Wig Cap is sewn onto the plush. See assembly notes and picture tutorials below for help.
  - Check out this awesome video on how to work with a wig cap and add hair to your plush by CraftyisCool <https://www.youtube.com/watch?v=PfMYJMyqYEI>

Attaching the hair is fun and easy. After sewing your Wig Cap on you will then cut some lengths for your hair. I cut a bunch but you can always cut more if you run out and I also cut them pretty long so that folded they are about 3.5 inches long.

Step 1: I find where Ron's part will be and do a row straight along that line working from the face to the crown of the head. Folding the pieces in half and then pull the folded piece through with my hook and then use my fingers to pull the ends through the loop. Similar to latch hook.

Step 2: Beginning on the outside round of the cap I work around the last round adding pieces in each st

Step 3: Then I work on every other row and every other stitch until I am at the top of the wig cap or row

- See images above for help on hair placement.

Then he needs a haircut! I made mine a little messy but shorter and a bit more manageable than his best friend's.
